Thomas Bow City Asphalt

THE CONSTRUCTION GROUP

Thomas Bow City Asphalt were delighted to embark on a new contract with Genting Casinos UK at their new £150m 'Resorts World Birmingham', Casino and Leisure complex development at the NEC in Birmingham. The contract included transforming two existing NEC car parks, introducing a new HGV road, building two new security gatehouses and remodelling the car parks to optimise the capacity at the site.

John Allen, Major Projects and Compliance Director commented 'It's great to be called upon to upgrade these facilities for Genting and as the current framework providers to the NEC for road resurfacing and repairs, we know and understand the sites involved. This project demonstrates the range of services we can provide as a Construction Group, including Civil Engineering, Surfacing and Building.'

Scope of works:

- Surfacing
- Building
- White lining
- Ducting
- Lighting
